

VM 14/90n

Strong

Compact dimensions

Rapid vacuum

Patented for packaging products in smooth bags

Ideal for the packaging of medium-large sized products, VM 14/90n stands out thanks to a 520 mm sealing bar and the innovative retractable probe: a special system patented by Orved that allows the maximum suction of air using a smooth vacuum bag, ensuring a vacuum level of absolute excellence. This innovative system allows the VM 14/90n to be versatile, packaging any solid product in both smooth and embossed bags. VM 14/90n is also equipped with a special polyethylene shelf that allows the packaging machine to facilitate the support of the bag during the packaging cycle.

VM 14/90n is ideal for:

Domestic kitchens

Bar

Grocery stores

Packing methods

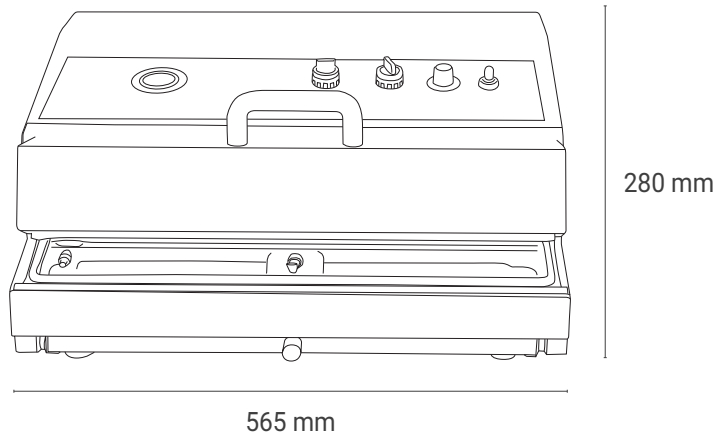

Sealing only

Vacuum
