

FAST VACUUM

Strong

Compact dimensions

Rapid vacuum

The perfect connection between domestic and professional level

Fast Vacuum also features a frame made entirely of stainless steel. It is truly the ideal fast vacuum packing machine for both home and professional use and comes equipped with accessories that allow vacuum packing of liquids as well as solids thanks to special containers. It ensures a professional vacuum and the special LED control panel lets you see the precise vacuum and sealing level. Very robust, fast, automatic and easy to use, these are just some of the advantages of Fast Vacuum

Fast Vacuum is ideal for:

Domestic kitchens

Bar

Grocery stores

Packing methods

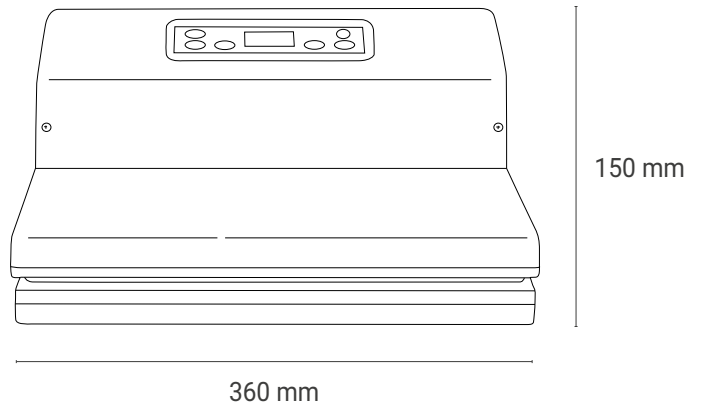

Sealing only

Vacuum
